

Radio Telescope Jigsaw Activity

Name: _____

Directions: Once you are with your expert group, complete research as the expert on your assigned radio telescope. Be sure to complete the table.

RADIO TELESCOPE NAME: _____

Where is the telescope located?	What year was it completed?
How big is the dish?	Interesting facts.
Describe a specific discovery or research the telescope has been involved in.	

Once back with your home group, be prepared to share and discuss the expert information you gathered with your group.

*To share information with your home group, follow the order on the slide as to who presents first. Take note of what you learned about their telescope. *This does not mean copy from their paper. Listen and write in your own words what you learned.*
